19 July 1955

MEMORANDUM FOR: Inspector General

SUBJECT : OSI Intelligence Production Program - FY 1956

1. Here is the OSI intelligence production program for Fiscal Year 1956. I am sure you will find it interesting in the light of the recommendations made in your survey of OSI. I have approved the implementation of the program with a few minor changes in subject matter of some of the projects to orient them more closely to the current world situation.

2. The only major change which I have asked to be made is in the number of finished intelligence reports to be issued during the year. Review will be made of the program to determine how many of the so-called Progress Reports could result in finished or semi-finished intelligence (Provisional Scientific Intelligence Reports) this year.
